

BUILT ONE AT A TIME. PROVEN EVERY ROUND

MODULAR CARBINE (7.62X51)

UPC: 098289020642
Model: CM762
SKU: CM762-16S

The Colt Modular Carbine (CM762) returns for 2018. This updated configuration is packed with ambidextrous features and includes a 15" M-LOK compatible rail system that will enable flexibility for every end user. The revolutionary lower receiver and bolt carrier design enable the upper receiver group to be easily swapped out for any Colt MilSpec upper receiver chambered in 5.56 x 45 NATO (.223 Remington), without tools, in under a minute – allowing the weapon to be reconfigured to any situation at a moment's notice. All operating controls are ambidextrous, providing you with flexibility and ease of use.

Restrictions: California, Colorado, Connecticut, Massachusetts, Maryland, New Jersey, New York, Vermont

\$2299.00
